

MARSHFIELD HIGH SCHOOL
ARK PROJECT
EXTREME MAKEOVER

Our Mission:

The Ark Project is a school-based program providing basic needs, crisis intervention and advocacy, and essential support services to homeless children and youth, ages 0-21, and their families through out Coos County, Oregon.

Dimensions: 12' x43' area of dirt will be removed to expand the driveway. We are looking for a small skid steer. Preferably a walk behind one. Let me know if you have one you would be willing to donate for a few hours so we can get the job completed within our time frame.

Note: A locate will be called in a week before this project starts. (Call 811 Before You Dig)

After the sod and dirt are removed, we will be laying down a weed suppressing membrane then about 3" of gravel.

We will be removing all the invasive ivy and blackberry vines, so we can expose the beautiful rock wall. If time allows, we will continue removing the ivy down the side of the house into the back yard.
